

# OPEN CALL: PHYSICS WITHOUT FRONTIERS PROJECTS

## Inspiring students in developing countries

ICTP's Physics Without Frontiers (PWF) programme supports scientific communities in developing countries, through customized programmes run by a wide network of volunteer scientists and led by local experts for growing physics and mathematics communities worldwide. Each project is unique, developed for the specific needs of the country and region.

Apply to host a PWF project:

**Deadline:** 15 May 2020

**Contact:** [pwf@ictp.it](mailto:pwf@ictp.it)

**Apply online:** [www.ictp.it/physics-without-frontiers.aspx](http://www.ictp.it/physics-without-frontiers.aspx)
