# OPEN CALL

# PHYSICS WITHOUT FRONTIERS

## Worldwide Physics Outreach:

## Inspiring and training students in developing countries

ICTP Physics Without Frontiers (PWF) works to motivate, train, and educate physics and mathematics university students worldwide, focusing in science and technology lagging countries. PWF projects are unique and tailored to a country's specific needs. Activities are organized with volunteer scientists comprising PhD students, postdoctoral researchers, and lecturers who are passionate about supporting physics and mathematics. Submit an application today to host a PWF course, workshop, or school, or run a roadshow.

Propose a project!

More information is available on our website.

**Deadline: 18 April 2021**
