

# PHYSICS WITHOUT FRONTIERS CALL FOR PROPOSALS

**Train and inspire physics and mathematics students in the Global South**

ICTP's Physics Without Frontiers works to teach, train, and inspire physics and mathematics university students worldwide, with focus on countries in the Global South, to help build the next generation of scientists.

PWF organises projects working with volunteer scientists from all over the world, who are passionate about promoting physics and mathematics, and training and mentoring students. Each project is unique, and is developed with the country's specific needs in mind.

**Deadline: 15 December 2025**
